- **Author:** Cagin (Frère Michel)
- **Abstract:** In the extension of 2016 Brangues meeting, the article retains three reflection lines : after having recalled the necessary distinction between the Holy Scriptures inspiration and the poetical inspiration, one proposes an understanding of the poetical inspiration phenomenon not as some external intervention towards the creator, but as “internalized” and proceeding from a natural movement of the spirit in its source. Finally, is posed the question of the link of inspiration and work elaboration.
