Cahiers de mémoire, Kigali, 2014

- **Publication type:** Collective work
- **Editor:** Prudhomme (Florence)
Editor assistant: Muller (Michelle)
Postface writer: Bokova (Irina)
- **Abstract:** The *Cahiers de mémoire* are stories of genocide, but the recollections include what happened leading up to and following it, the stories unfolding in three parts: before, during, and after. Genocide remains the unifying thread, the epicenter. The naming of the dead and the enunciative and memorial narrative are joined together, restoring the life/the reality of the women and men who perished.
