Mérimée dans la correspondance générale de Tourguéniev

- **Publication type:** Journal article
- **Journal:**
[Cahiers Mérimée](#)
[2016, n° 8](#)
[. varia](#)
- **Author:** Zviguilsky (Alexandre)
- **Abstract:** The in-depth study of a one-way correspondence, supported by the corpus of the Russian letter-writer, allows us to infer that a great friendship was forged between Mérimée and Turgenev. But we also see that it was, above all, a literary fellowship that went beyond collaboration and opened uncharted avenues in Mérimée's universe, particularly that of joint creativity.
- **Pages:** 65 to 90
