Juger la littérature Les transformations des rapports entre critique et censure (xix^e-xx^e siècles)

- **Publication type:** Article from a collective work
- **Collective work:** [Censure et critique](#)
- **Author:** Sapiro (Gisèle)
- **Abstract:** In this article, critical discourses and their relation to censorship and to moral or ideological expectation are differentiated according to their degree of autonomy or heteronomy, and to their degree of euphemization (dominant) or politicization (dominated). This study adopts a diachronic perspective too, in order to understand the evolution of the relationships between critical discourse and censorship through reactions to literary trials under the Third Republic.
