Une relecture de Koselleck

- **Publication type:** Article from a collective work
- **Collective work:** [Censure et critique](#)
- **Author:** Abramovici (Jean-Christophe)
- **Abstract:** Published in 1979, *Le Règne de la critique* [*The Reign of Criticism*] is the translation of the redrafted version of the doctoral thesis entitled *Kritik und Krise* [*Criticism and Crisis*] that Reinhart Koselleck had supported in 1954. In this essay, the German historian does not deal exactly with state censorship, nor with the clandestine writings that got around it; but several key ideas that he develops are useful to rethink these phenomenon. To read again Kosseleck today, can lead us to revise some of his statements; it is also a stimulating opportunity to have at our time another critical look.
