- **Abstract:** Louis-Antoine Caraccioli (1719-1803) is one of the less known authors of the Enlightenment. However, his educational works deserve to be revalued. In *Le Véritable mentor* (1759) and *La Vraie Manière d'élever les princes* (1788), Caraccioli tents to harmonize the catholic religion and the demands of a reformed education. In the center of this project we find the person of the educator who combines in his personality the guardian angel, the good citizen and the philosopher.
