- **Author:** Anthonioz (Stéphanie)
- **Abstract:** What Bible are we reading today? The Masoretic text; the Samaritan version of the Pentateuch; or the Greek translation by the Seventy? The discovery of manuscripts at Qumran proves the existence not of three texts, but of a single fluid text circulating in the final centuries before our era, a text whose forms varied and which underwent a slow religious sedimentation that cemented the way it was read.
