Ombres et lumières de Saint-Simon

- **Publication type:** Article from a collective work
- **Collective work:**
[Dialogues intérieurs](#)
[. Les écrits des mémorialistes dans leurs Mémoires](#)
- **Authors:** Haehl (Madeleine), Hildesheimer (Françoise)
- **Abstract:** A comparison between the narratives of memorialists (such as Saint-Simon) and data sourced in archives is carried out by way of two contrasting examples which mutually illuminate each other : 1. The financial edicts of 1717, for which the archives reveal a much richer tale than that available in the *Mémoires*. 2. The question of the promotion of the legitimate princes to the intermediary rank in 1694, with regard to which the *Mémoires* illuminate the archives and help draw out the essential elements and implications.
