Eidos et Ousia De l'unité théorique de la *Métaphysique* d'Aristote

- **Publication type:** Book
- **Author:** Jaulin (Annick)
- **Abstract:** The unity of Aristotelian metaphysical treatises stems from the way in which the first philosopher studies beings. He studies them "as beings", not as moved or movers. The form or primary substance is the syntax of everything in action, which it defines.
- **Number of pages:** 352
