- **Abstract:** A major interview with Emmanuël Souchier, conducted by Franck Cormerais, Jacques Athanase Gilbert, and Laurent Loty, discusses the focus of his research: writing, the semiology of texts and images, text and “digital” media. The author of theories about “editorial enunciation” and “screen writing” and network writing, he is interested in “infraordinary” communication practices linked to the “memory of forgetting” as well as the relationship between literature and communication.
