La péremption des peines

- **Publication type:** Article from a collective work
- **Collective work:** [Jean-Claude Pirotte](#)
- **Author:** Cloux (Patrick)
- **Abstract:** This study invites the reader to journey through the *œuvre* of Jean-Claude Pirotte in its creases and folds, like a “suite of scaffolding”, “leaks and regrets” – to follow the veins of this dented writing through places and over days, at the whim of the escapes and hazards of a blackballed life. In this way, a sad and melancholic irony, mythomania, and the hounded freedom of a cornered man forcing himself to “flee forever to escape his demons” spring out at us.
