Une esthétique de la physiologie L'« acide bonheur » de Saint-John Perse

- **Publication type:** Article from a collective work
- **Collective work:** [L'Acide dans la littérature](#)
- **Author:** Chehab (May)
- **Abstract:** Acidity assumes a highly positive value in the work of Saint-John Perse. Acrimony is a fundamental notion in his poetics, where it is transformed into creative energy. It expresses the physiological roots of the philosophy of the subject as analysed by Friedrich Nietzsche, and renewed by the poet.
