Metaphors be with you Apollonios de Rhodes, Virgile, George Lucas et la création mythologique réursive

- **Publication type:** Article from a collective work
- **Collective work:** [L'Antiquité dans l'imaginaire contemporain](#)
[. Fantasy, science-fiction, fantastique](#)
- **Author:** Chrol (E. Del)
- **Abstract:** George Lucas composed his *Star Wars* trilogies in a way reminiscent of Vergil and Apollonius. In their attempt to make a contemporary epic resembling a traditional one, each made use of scholarly works on the genre. With such 'recursive' intertextuality, the author is writing himself back into earlier literary structures.
