Le parfum, un acte poétique

- **Publication type:** Article from a collective work
- **Collective work:** [L'Art olfactif contemporain](#)
- **Author:** Ellena (Jean-Claude)
- **Abstract:** Looking back at his trajectory, Jean-Claude Ellena likens the creation of perfume not to the production of a concept but rather to a poetic act which draws on the encounters between human and world. This article seeks to make sense of his artistic approach to the creation of perfumes in the literary form of a journal that recounts the birth of *marine spices*.
