La Mathesis de Marcel Proust

- **Publication type:** Book
- **Author:** Dumoncel (Jean-Claude)
- **Abstract:** The Proustian novel is haunted by the presence of the possible, which calls for its elucidation in modal logic. It is also shaped by mathematical notions. These two aspects come together in romantic psychology, giving an intellectual tenor to the novelistic which is extended through its political reach.
- **Number of pages:** 786
