Théâtre contemporain, « théâtre-poésie » ?

- **Publication type:** Article from a collective work
- **Collective work:** [La Poésie dans les écritures dramatiques contemporaines](#)
- **Author:** Bouchardon (Marianne)
- **Abstract:** Having traced the history of the rapports between theatre and poetry from the classical era onwards, this article defends its hypothesis that a number of major contemporary plays are not “poetic theatre” but rather “theatre-poetry”, to the extent that the emphasis on the utterance of speech goes together with a paradigm shift in the drama.
