La Représentation de l'histoire dans la nouvelle en langue française du XIX^e siècle

- **Publication type:** Collective work
- **Editors:** Palacios Bernal (Concepción), Méndez Robles (Pedro S.)
- **Abstract:** The nineteenth century was a period in which history was the primary reference and subject matter for fictional narratives. Yet the novel did not have the monopoly on historical fiction. The authors seek to examine how history was (re)presented, and to understand and analyse its place in short stories and novellas.
