Les Jeux du je Construction et déconstruction du récit romanesque chez Wiesław Myśliwski

- **Publication type:** Book
- **Author:** Bilos (Piotr)
- **Abstract:** This work is the first attempt at a comprehensive interpretation of Wiesław Myśliwski's writing. It explores its potential for recasting the world as an orchestration of the story of an "I" endlessly searching for a "you" and forging an immanent link between the living and the dead.
