Prendre au sérieux (sur l'ironie)

- **Publication type:** Article from a collective work
- **Collective work:** [Nathalie Quintane](#)
- **Author:** Auclerc (Benoît)
- **Abstract:** Quintane's texts are infused with an irony which highlights the relativity of designations. Irony is a way of taking beings and things seriously in their complexity; qualities which in return mean recognising the fragility of all utterances. Considered in this way, irony presumes the death of ideal certainties for the benefit of the proliferation of remarks; it thus participates in the affirmation of a fantasy which refuses to be beaten or taken in.
