Genèse du comique Du *pathos* à « l'*archiethos* »

- **Publication type:** Article from a collective work
- **Collective work:** [Nouveaux regards sur la trilogie de Beaumarchais](#)
- **Author:** Géraud (Violaine)
- **Abstract:** Beaumarchais transformed comedy by letting it play out on a dramatic background. Symmetrically, *La Mère coupable* was born from a comedic plot. However, the interaction between drama and comedy is not hugely fertile in *La Mère coupable*. The striking comic success can be explained in terms of the revolution constituted by the invention of the *l'archiethos spirituel*. This article proposes this term in order to make sense of the faculty given to all comic characters to be, at least momentarily, spiritual.
