La lettre dans la trilogie de BeaumarchaisUn objet sans gravité ?

- **Publication type:** Article from a collective work
- **Collective work:** [Nouveaux regards sur la trilogie de Beaumarchais](#)
- **Author:** Obitz-Lumbroso (Bénédicte)
- **Abstract:** The significantly greater presence of letters in the trilogy than in other plays by Beaumarchais demands attention. Whether it is a text, discourse, act, or accessory, the letter is a protean dramatic object which lends itself to metamorphoses and varied significations. This article seeks to demonstrate that this slight piece of paper constitutes a unifying link between the three plays, but also participates in their increasing gravity.
