L'équivocité du mot *catholique* dans la polémique confessionnelle au xvi^e siècle Étude philologique et historique

- **Publication type:** Article from a collective work
- **Collective work:**
[Paroles dégelées](#)
[. Propos de l'Atelier xvi^e siècle](#)
- **Author:** Garnier (Isabelle)
- **Abstract:** If the word *catholique* designates “that which belongs to the Roman church” or even “that which only belongs to it”, this restriction was questioned in the sixteenth century. Protestants, denying their Roman adversaries any Catholic legitimacy, appropriated *catholicité* via a return to the early Church and the etymological value of *catholique*. The study of literary and administrative texts shows that this term was instrumentalised in the two *papiste* and *huguenot* camps of the debate.
