La leçon baroque de Claudel dans l'œuvre poétique de Jan Zahradníček

- **Publication type:** Article from a collective work
- **Collective work:** [Paul Claudel et la Bohême](#)
[. Dissonances et accord](#)
- **Author:** Bednářová (Jitka)
- **Abstract:** Jan Zahradníček, a spiritual and complex author, is one of the most significant Czech Catholic poets. Zahradníček's poetic temperament was similar to Claudel's, some of his reflections and lectures focused on Claudel, and he also translated a selection of Claudel's poems into Czech. The paper shows Claudel's influence on various layers of Zahradníček's writing.
