Poétique et Psychanalyse L'autre versant du langage

- **Publication type:** Book
- **Author:** Aquien (Michèle)
- **Abstract:** A certain usage of language gives primacy to the signifier. It acts according to the features revealed by modern poetry and also in what Lacan called *lalangue*. This relationship with the signifier is set up at the same time as the subject of the unconscious is formed—in the poet's case, it shapes knowledge.
