Ebuzio Liberale, un dedicatario (quasi) senza dedica nel *De beneficiis* di Seneca

- **Publication type:** Article from a collective work
- **Collective work:**

- **Author:** Li Causi (Pietro)
- **Abstract:** In the *De beneficiis*, the address to Aebutius Liberalis is somehow watered down throughout the work : the praise to the addressee appears only in book V, and the dedicatory gesture in book VII. Nevertheless, the offering of the text is not only that of a res, but that of a personal relationship.
