Variations cicéroniennes autour de la dédicace Le cas des *Academica*

- **Publication type:** Article from a collective work
- **Collective work:** [Pratiques latines de la dédicace](#)
[. Permanence et mutations, de l'Antiquité à la Renaissance](#)
- **Author:** Lévy (Carlos)
- **Abstract:** The *Academica* are a specific case in the philosophical dedication by Cicero. As a matter of fact, putting Varro in the place of Lucullus and Catulus is not a mere literary stratagem, but a complete reconstruction of the meaning of the work, which *Epistula ad fam.* IX, 8 evinces in its most achieved way.
