Dialectique de l'inattendu Voies et impasses de la philosophie dans l'œuvre de Valère Novarina

- **Publication type:** Article from a collective work
- **Collective work:** [Valère Novarina](#)
- **Author:** Dubouclez (Olivier)
- **Abstract:** Valère Novarina's relationship with philosophy is built on attraction and defiance. The primacy accorded to speech and the refusal of all ontology has led him to define a new theoretical model, that of the fugue, while still pursuing a dialogue with philosophers. He creates what we call a dialectic of the unexpected –the movement through which the active void which inhabits the human nourishes the renewal of thought and action.
